CONFERENCE PARTNERS' SCHEME

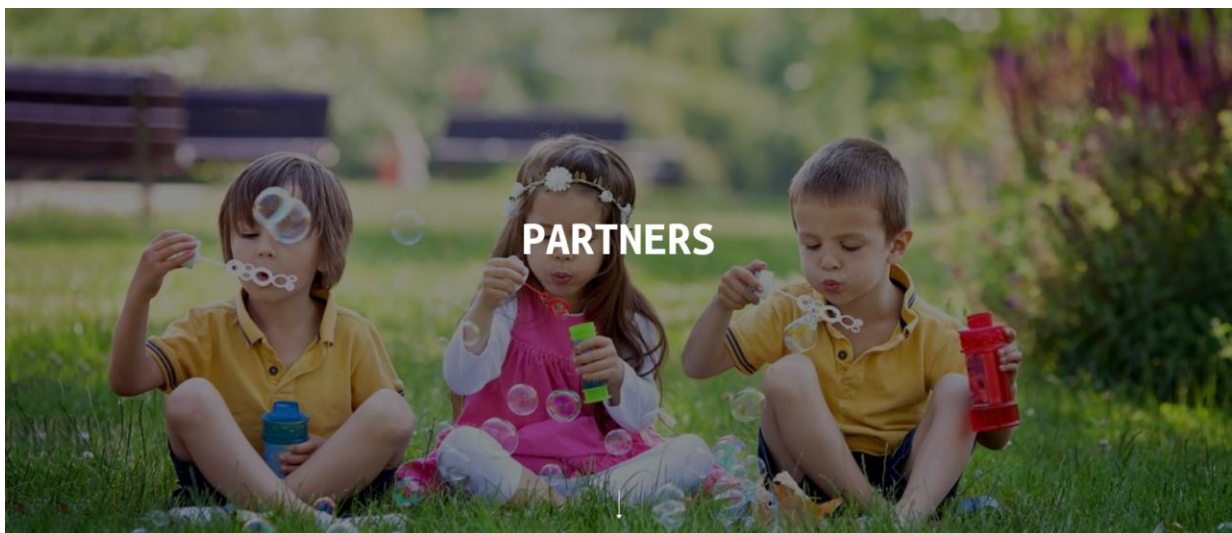

ESIC2019 will offer an extensive exhibitor's scheme.

Official partners are invited to support the Organizing Committee to create a successful conference and –at the same time- to benefit from brand awareness and contacts throughout the meeting.

We have designed different partnership options so you can choose what would best promote your company/institution.

❖ ADVERTISING & EXHIBITION

A wide exhibition will take place in the heart of the ESIC 2019 conference. Choose the booth that best suits the needs of your company and find yourself among a wide range of international and national participants attending the conference. All companies or institutions that are part of or somehow linked to the Sensory Integration sector, or wish to support the development of the field in Europe, or publish books related to the sector are encouraged to exhibit at the conference. Among the others, one representative of the exhibiting company will benefit from free, full access to the conference (no proceedings included in conference material provided).
